28. (Currently amended) A garment hanger retail package comprising:  
at least one garment hanger having a suspension member and two support arms  
extending from opposite directions of said suspension member for supporting a garment;  
a display tag positioned below said suspension member having a display area  
positioned secured substantially vertically above at least one ~~or both~~ of said supporting  
arms for displaying sales information related to said garment hanger;  
wherein said display tag further comprising at least two holes positioned for attaching  
said display tag to said garment hanger.
29. (Original) The garment hanger retail package of claim 28 wherein said retail package comprises at least a first and a second garment hanger, said first garment

hanger is positioned in front of said display tag; and said second garment hanger is positioned behind said display tag.

30. (Original) The garment hanger retail package of claim 28 further comprising at least two separated fasteners provided for attaching said display tag with said display tag to said garment hanger through said holes.

31. (Currently amended) A garment hanger retail package comprising:  
at least one garment hanger having a suspension member and two support arms extending from opposite directions of said suspension member for supporting a garment; a display tag having secured behind said garment hanger, said display tag further have a substantial display area positioned vertically above and extending along at least one or both of said supporting arms.

32. (Original) The garment hanger retail package of claim 31 further comprising at least two separated fasteners for securing said display tag behind said garment hanger and for providing a substantial full frontal view of said garment hanger in a store.

33. (Original) The garment hanger retail package of claim 31 wherein said garment hanger is an adjustable width hanger having two stationary supporting arms and two movable arms configured to adjust the width of said hanger, wherein said fasteners are attached either to the medial portion or the stationary arms of said hanger so as not to interfere the motion of said movable arms.

34. (Original) The garment hanger retail package of claim 31 wherein said package comprises at least a first and a second garment hanger, said first garment hanger is positioned in front of said display tag, and said second garment hanger is positioned behind said display tag.

35. (Currently amended) The garment hanger retail package of claim ~~34~~ 32 wherein the frontal view of said garment hanger locates behind said fasteners, and that the areas of said garment hanger located behind said fasteners and said fasteners are configured to be of a same color have a color similar to the color of said garment hanger for providing a substantial full frontal view of said garment hanger.

36. (Original) The garment hanger retail package of claim 14 wherein said package comprises at least a first and a second garment hanger, said first garment hanger is positioned in front of said display tag, and said second garment hanger is positioned behind said display tag.

The applicant wishes to express his most sincere thanks to the examiner for the cooperative support provided throughout the examination process.

Respectfully submitted,

---
